

# BSH226 Series

# Bench Scale for Dry Environment

## BSH226 Series Bench Scale

BSH226 Series is the combination of ID226 Weighing Terminal and RH Series Mild Steel Platform. This unit is designed for dry and dusty environment. The economical and durable structure combined optional accessories can deal with extensive weighing task.

### Features of BSH226 Series Bench Scale:

- \* Plastic terminal enclosure, mild steel platform
- \* Easy operation
- \* Clear reading in dark area.
- \* Fast response, high efficiency
- \* Accurate weighing and reading
- \* Broad range of weighing: 6kg-600kg
- \* Output weight and records via computer
- \* Print barcode weight, weighing records
- \* Simple and practical platform structure

### Specifications of BSH226 Series Bench Scale:

Model	Weight Range(kg)	Readability (kg)	Platform Size(mm)	Loadcell	Scale Stand Height(mm)		
BSH226	0	0.002	300x300	L6N	330		
	15	0.005					
	30	0.01					
	BSH226	60	0.02	400x400	L6E	330	
		30	0.01				
		60	0.02

\* Non-standard platforms & accessories can be customized

ID226 Weighing Terminal

- \* 200,000 display division
- \* Support 350ohm\*8 load cell
- \* Two display increment size range
- \* RS234/485(standard)
- \* 49mm high display, green or red
- \* MODBUS\_RTU
- \* Basic function: ZERO, TARE, CLEAR and PRINT
- \* X10/Over/Under/OK/Count/Animal /Weighing/Unit Switch
- \* Auto Power Off
- \* Power Input: 100-264VAC,  $\leq 0.1A$
- \* Options:
  1. Ni-MH battery group, GP 7.2VDC, 3800mAh Lead-Acid cell battery, 6V 4.0AH
  2. TCP/IP LAN port ,WIFI, Blue tooth
  3. Desk housing, Slim wall housing, Slim round housing or Plastic housing

RH Series Mild Steel Platform

- \* Powder-coated welded tubular steel construction and brushed stainless steel load plate (1.4301/AISI304).
- \* Hermetically sealed aluminum load cell could provide an ingress protection of IP65.
- \* Rugged & durable construction makes the platform suitable in heavy duty application.
- \* Comprehensive product line with various weight ranges and platform sizes.
- \* Multi-functions of load platform combined versatile accessories can meet your exact requirements.
